NOTICE: INFORMED CONSENT DOCUMENTS

The BC Cancer Research Ethics Board (REB) advises that it has recently updated the clinical informed consent template. As stated in the instruction document, the informed consent template has been reviewed by the Provincial Health Services Authority legal department to ensure compliance with regulatory and legal requirements; in particular, privacy rights and obligations. Therefore, also as stated in the instructions, the BC Cancer REB expects that all studies submitted for initial review conform to the informed consent template and, specifically, include all language and/or sections marked as mandatory. Any documentation that does not comply with the template will not be accepted for review by the BC Cancer REB.

Should you have any queries, please contact the REB at: reb@bccancer.bc.ca
